The Professionals in Instrument Technology
Instrument Products

Fittings
- CPI/A-lok
- Pipe Fittings
- MPI™
- Phastite®
- High Purity Face-Seal
- Buttweld

Valves/Couplings
- Ball, Needle, Check
- Diaphragm, Bellows
- Manifolds
- ProBloc®
- Monoflange
- UHP
- Quick Disconnects

Systems
- CCIMS®
- IntraFlow™
- R-max™
- Vent Master™
- Cylinder ChangeOver

Our service group is the unique difference that separates us from other suppliers. We pride ourselves on this rapidly growing part of our business. Today’s customer relies more on outside resources than ever before and Forberg is a great choice to partner with. On-site training, inventory management programs, engineering and design services, consignment inventory, panel enclosures, cabinet assemblies, start-up assistance and support, in-plant air quality audits, steam trap surveys, rebuilding services for valves, regulators and filters, diaphragm and capillary filling, instrument and gauge calibration and assembly work are all part of what we do.

So whether you’re after start-up assistance or an inventory management program, Forberg Scientific has the resources and experience to meet your every need.
“We have a passion for innovative problem solving.”

- Rotary Lobe, Centrifugal, Progressive Cavity Pumps
- Mixing Equipment
- Hygienic Valves
- Engineered Skid Systems

St. Louis/Peoria Valve & Fitting Co.

- Hygienic Stainless Steel Pumps, Sanitary Valves, Gauges, Filters & Strainers
- Sanitary Stainless Steel Fittings, Valves, Tubing & Tube Hangers
- Actuated Diaphragm Valves

Steel & O’Brien Manufacturing

- Est. 1990
- Sanitary Weld Fittings
- Clamp & Bevel Fittings
- Valves & Sight Glasses
- Sanitary Tubing
- Custom Fabrication
- BPE Fittings & Tubing
Forberg Scientific Custom Panels
Forberg Scientific assembles a wide range of custom instrument panels and fluid delivery systems:
- Gas Delivery, Sampling & Metering Panels
- Pressure & Flow Testing Stations

Calibration
- High-grade standards for calibration of precision measuring instruments
- ISO17025 certification
- Onsite/offsite services

Assembly
- Gauge and chemical seal assembly

Managed Inventory
- Providing reduced labor costs
- Efficient and cost-effective solution to MRO and OEM customers
- Mutually agreed objectives for inventory levels and fill rates
- Improves and streamlines the business relationship maximizing bottom-line results

Custom Welding Fabrication
- In-house orbital welding and fabrication
- Otto Arc equipment available for purchase or lease
- 1/8” up to 6” weld heads
- Tube cutting, deburring and squaring equipment
- In-house orbital welding per ASME Section IX
Forberg's six integrated stocking warehouses are the region's premier source for rapid response delivery of instrumentation products. We are electronically linked with all our major suppliers providing immediate, real-time access to their inventory levels and production planning.

And as a further benefit to our customers, Forberg is electronically connected to a large network of instrumentation distributors across the country providing our customer service team access to a wide array of on-hand product availability. This broad access to product translates to improved uptime and responsive attention to our customer's needs.
“Inventory is available immediately from six electronically integrated stocking warehouses.”
